

CONSTRUCTION SERVICES MANAGER ASHEVILLE, NORTH CAROLINA

Progressive regional consulting engineering firm seeks highly motivated candidates for Construction Services Manager (CSM) position in our Asheville, North Carolina office. The CSM provides overall management and direction for the construction services program at the regional office level and is directed by the regional Office Manager. Candidates should be able to plan, coordinate, and direct construction services to ensure scheduling, budget, and funding parameters are met. The CSM interfaces with clients on a regular basis to ensure client satisfaction and works directly with engineering groups within the firm to facilitate projects.

Essential Duties and Responsibilities

Candidates should be able to accurately read and comprehend construction plans; keep accurate and complete records documenting daily construction activities; have strong time management and organizational skills; be able to observe significant, multiple, and simultaneous construction projects; have strong mathematical aptitude and be able to verify and check contract quantities / costs as related to contractor pay applications; be able to scale and measure distances accurately.

Physical Demands

- Frequently standing or driving multiple hours at a time
- Required to sit, climb or balance, stoop, kneel, crouch, or crawl
- Drive multiple hours at a time
- Walk in rugged terrain
- Reach with hand and arms

- Use hands to finger, handle, or feel objects, tools, or controls
- Work in a loud environment, i.e. on a construction site
- Work in adverse weather conditions
- Frequently lift and/or move 35 pounds
- Occasionally lift and/or move up to 75 pounds

Minimum Education and Licenses

- Bachelor's Degree in Civil Engineering or Construction Management from an accredited four-year college or university or an Associate's Degree or equivalent from two-year college or technical school
- 10 years of experience in construction management or civil engineering field with at least three years of progressive experience in the management of construction projects and personnel
- Valid North Carolina driver's license
