

PROJECT ENGINEER FOR CIVIL ENGINEERING FIRM NEWPORT NEWS, VIRGINIA

McGill Associates is a growing, progressive, regional engineering and consulting firm with over 30 years of experience, employing over 150 professional and support personnel. We are seeking a motivated, high functioning, professional Administrative Assistant to support our Engineering, Land Planning, and Construction Teams in our Hickory office. This individual will be part of a Firm committed to providing quality and responsive service to our clients. The ideal candidate will have an interest and ability to understand the engineering consulting services industry as well as accounting principles.

Responsibilities and Duties

Duties are varied and include project scoping, budgeting and scheduling, complete project design, and client communication. The position requires the application of general civil engineering design techniques and principles on a variety of civil site and public and private water resource projects. Typical project responsibilities include report preparation, engineering computations, hydraulic modeling, development and review of plans, technical specifications, contract documents and estimates.

Qualifications and Skills

- Bachelor's Degree in Civil or Environmental Engineering or related field and a minimum 4 years of experience in respective engineering field is required
- Virginia PE licensure or the ability to obtain licensure within 6 months of hire
- Civil engineering experience in the Tidewater region is preferred
- Valid Virginia driver's license
- AutoCAD – Civil 3D Experience
- Proficiency in commonly used computer software (Word, Excel, Outlook)
- Excellent writing and communication skills

How to Apply

To apply, please email resume to recruiting@mcgillengineers.com. Please list "Project Engineer – Civil Engineering Newport News" in the subject line of your email.
