

# **PROJECT ENGINEER – WATER/WASTEWATER KNOXVILLE, TENNESSEE**

McGill Associates is a growing, progressive, regional engineering and consulting firm with over 30 years of experience. Our firm offers multi-discipline, professional engineering, environmental consulting, land planning, landscape architecture, surveying and construction related services to clients throughout the Southeast. Our team of professionals is dedicated to presenting innovative solutions and value-added approaches that result in our ability to deliver projects on time and within budget.

## **Essential Duties and Responsibilities**

Duties are varied and include project scoping, budgeting and scheduling, complete project design, and client communication. The position requires the application of general civil engineering design techniques and principles on a variety of both public and private water and wastewater projects. Typical project responsibilities include report preparation, engineering computations, hydraulic modeling, development and review of plans, technical specifications, contract documents and estimates.

## **Minimum Education and Requirements**

- Bachelor's Degree in Civil or Environmental Engineering and a minimum 4 years of experience in respective engineering field is required
- PE licensure required
- Tennessee PE licensure or the ability to obtain licensure within 6 months of hire
- Valid Tennessee driver's license
- AutoCAD – Civil 3D Experience
- Proficiency in commonly used computer software (Word, Excel, Outlook)

- Excellent writing and communication skills

### **Physical Demands**

- Frequently lift and/or move 35 pounds
- Occasionally lift and/or move up to 50 pounds

### **Benefits**

- Competitive Salaries
- Medical, Dental, Vision, RX, STD, LTD, and Life Insurance
- 401k Matching Plan
- Vacation Pay
- Paid Holidays
- Paid Professional Development
- Performance Bonus Program
- Tuition Reimbursement
- Company Sponsored Social Events
