

PROJECT ENGINEER – CIVIL / SITE & WATER / WASTEWATER SHALLOTTE, NORTH CAROLINA

McGill Associates is a consulting engineering firm offering multidisciplinary services in North Carolina, Tennessee, and Virginia. We serve municipal and private clients with a focus on water/wastewater, civil site design, and environmental services. We are currently seeking highly motivated candidates for a Project Engineer with experience in Civil Site Design and Water/Wastewater in our Shallotte, North Carolina office.

The Shallotte area is a great place to live and work! Located in the fastest growing county in North Carolina, Shallotte is in the southeastern part of the state between Wilmington and Myrtle Beach. Life in Shallotte and Brunswick County offers immediate access to 5 barrier islands, 30 championship golf courses and many local restaurants and shops, with more options just a short commute to Wilmington and Myrtle Beach. Each portion of the county holds its own distinct characteristics, yet one thing that remains consistent throughout is the collective tranquility and relief from the everyday hustle and bustle. The coastal setting, low tax rates, and high quality of life help to ensure the area will continue to grow. You will find a range of tastes, activities and interests to enjoy for you and your family.

Essential Duties and Responsibilities

Duties are varied and include project scoping, budgeting and scheduling, complete project design, and client communication. The position requires the application of general civil engineering design techniques and principles on a variety of both public and private land development projects and stormwater and water/wastewater projects. Typical project responsibilities include report preparation, engineering computations, hydraulic modeling, development and review of plans, technical specifications, contract documents and estimates.

Minimum Education and Requirements

- Bachelor's Degree in Civil or Environmental Engineering or Biological & Agricultural Engineering and a minimum 4 years of experience in respective engineering field is required
- North Carolina and/or South Carolina PE licensure or the ability to obtain licensure within 6 months of hire required
- CAD Experience (AutoCAD – Civil 3D preferred)
- Excellent writing and communication skills

Physical Demands

- Frequently required to sit, talk, and hear
- Occasionally required to stand and walk
- Reach with hands and arms
- Use hands to finger, handle, or feel objects, tools, or controls
- Frequently lift and/or move 35 pounds
- Occasionally lift and/or move up to 50 pounds

How to Apply

To apply, please email a resume to recruiting@mcgillengineers.com. Please list "Project Engineer – SHLCVL" in the subject line of your email.
