PROJECT MANAGER – CIVIL/SITE & WATER/WASTEWATER
SHALLOTTE, NORTH CAROLINA

Shallotte is a great place to live! Located in the 4th fastest growing county in state, Brunswick County is in the southeastern part of North Carolina between Wilmington and Myrtle Beach. Living in Shallotte gives you close access to 5 barrier islands, 30 championship golf courses and many local restaurants and shops. Each portion of the county holds its own distinct characteristics, yet one thing that remains consistent throughout is the collective tranquility and relief from the everyday hustle and bustle. The coastal setting, low tax rates, and high quality of life here help to ensure that the area will continue to grow. You will find a range of tastes, activities and interests to enjoy for you and your family.

Essential Duties and Responsibilities

Position duties encompass business development, leadership of projects, and project management. Candidates should have experience working with clients and ensuring client satisfaction at the highest levels. Candidates will work closely with the senior project manager and marketing staff in the development and delivery of proposals and presentations. Typical project responsibilities will include developing project scope, budget, and fee for services; contract negotiations; staff management and scheduling; and client communication. The position requires the application of engineering design techniques and principles on a variety of both public and private civil and site projects as well as water/wastewater projects.

Minimum Education and Licenses

- Bachelor of Science Degree in Civil or Environmental Engineering or Biological & Agricultural Engineering and a minimum of 7 years of experience in engineering with at least 2 years of progressive experience in the management of engineering projects and/or personnel
- PE Licensure is required
