

PROJECT MANAGER – CIVIL / SITE & WATER / WASTEWATER SHALLOTTE, NORTH CAROLINA

McGill Associates is a consulting engineering firm offering multidisciplinary services in North Carolina, Tennessee, and Virginia. We serve municipal and private clients with a focus on water/wastewater, civil site design, and environmental services. We are currently seeking highly motivated candidates for a Project Manager with experience in Civil/Site and Water/Wastewater in our Shallotte, North Carolina office.

The Shallotte area is a great place to live and work! Located in the fastest growing county in North Carolina, Shallotte is in the southeastern part of the state between Wilmington and Myrtle Beach. Life in Shallotte and Brunswick County offers immediate access to 5 barrier islands, 30 championship golf courses and many local restaurants and shops, with more options just a short commute to Wilmington and Myrtle Beach. Each portion of the county holds its own distinct characteristics, yet one thing that remains consistent throughout is the collective tranquility and relief from the everyday hustle and bustle. The coastal setting, low tax rates, and high quality of life help to ensure the area will continue to grow. You will find a range of tastes, activities and interests to enjoy for you and your family.

Essential Duties and Responsibilities

Position duties encompass business development, leadership of projects, and project management. Candidates should have experience working with clients and ensuring client satisfaction at the highest levels. Candidates will work closely with the senior project manager and marketing staff in the development and delivery of proposals and presentations. Typical project responsibilities will include developing project scope, budget, and fee for services; contract negotiations; staff management and scheduling; and client communication. The position requires the application of engineering design

techniques and principles on a variety of both public and private civil and site projects as well as water/wastewater projects.

Minimum Education and Licenses

- Bachelor of Science Degree in Civil or Environmental Engineering or Biological & Agricultural Engineering and a minimum of 7 years of experience in engineering with at least 2 years of progressive experience in the management of engineering projects and/or personnel
- PE Licensure is required
- North Carolina and/or South Carolina PE licensure or the ability to obtain one within 6 months of hire
- Valid North Carolina or South Carolina driver's license

Physical Demands

- Frequently required to sit, talk, and hear
- Occasionally required to stand and walk
- Reach with hands and arms
- Use hands to finger, handle, or feel objects, tools, or controls
- Frequently lift and/or move 35 pounds
- Occasionally lift and/or move up to 50 pounds

How to Apply

To apply, please email a resume to recruiting@mcgillengineers.com. Please list "Project Manager – SHLCVL" in the subject line of your email.
